Prime Industries, Inc.

A service oriented Company headquartered in Virginia Beach, Virginia, Prime Industries has been providing quality stainless steel marine hardware throughout the industry for over 20 years.

All of our stainless steel products are manufactured to meet ASTM CF8M stainless steel alloy standards and are passivated. Quality is ensured through routine visual inspections, laboratory testing, and salt spray testing.

By being centrally located on the East Coast and keeping our warehouse well stocked with a large volume of products, we are able to provide fast and immediate service to our customers.

In addition, we are able to quickly and efficiently engineer and manufacture any **proprietary products** to meet your unique requirements.

Product Warranty

Prime Industries, Inc.

Stainless Steel Hardware

Limited Warranty

Prime Industries Stainless Steel Boat Hardware is guaranteed to the original Purchaser, to be free from corrosion. This corrosion-free guarantee is in effect under normal use and service, for the life of the boat on which the product is originally installed. This guarantee is void if the product has been damaged by accident, unreasonable use, neglect, improper installation, unauthorized repairs or modifications, or other causes not arising due to defects in materials or workmanship. The product must be returned prepaid to Prime Industries for their review, together with proof of purchase. Under this warranty, Prime Industries' obligations are limited to repair or replacement of the product, at Prime Industries' expense and option. No other expense or liability will be assumed by Prime Industries.

This warranty gives the Purchaser certain rights, defined above, and the Purchaser may also have other rights, which may vary from state to state.
